BMS World Mission - Transforming Lives

The Douglas Family

After the earthquake people have asked them if they are leaving. This thought hasn't come to them; friendships and relationships are for good and bad times. 'Fly' or 'Flight'? Actually for them it is neither; they don't want to 'Fly' away, but neither can they 'Fight' the situation. They are called to serve, love and share hope in any way that they can. Angus sat with a Nepali colleague as he wept, saying how much it meant to him and the community that they, (Angus, the KISC Staff and all the BMS Team) have stayed in Nepal. Working through the pain and hardship together meant so much to him.

News - sadly Helen's work permit has been denied. It is difficult to get to the bottom of exactly why, as on paper there should be no issue, but it seems she would be the first on this visa type to get one, so the department felt it best to decline. This means no Nepal Medical Council Registration. She can continue with teaching

restricted clinical work and various other things, but it's a blow. Please Pray as they now pursue other visa avenues.

Angus is busy at work - he has leased a second new building. This will become the New Operations Building, and the New Operations Building they just moved into will become the KISC Guest House (for Staff). The previous Guest House was badly damaged in the earthquake. He is overseeing the work in this building and the New Operations/Admin trying to get them ready for the start of the new academic year in August. Angus and the other Directors are also overseeing the support of Nepalese staff who lost homes in the quake. Pray for wisdom, stamina and discernment, also for the staff, neighbours, friends and wider Nepal as they try to rebuild their lives again.

As a Family they had a weekend away when Helen's Dad visited them (May 20th) and they are looking forward to their summer holiday (out of the Country) at the end of June. They think they will be ready for 'terra firma' by then!!

P.S. May 28th 5am - they were woken as the whole house shook again. Like the disciples in Luke 8 they know who is with them during this storm!!!

AIM International - Sharing Jesus in Africa

ZASS - The Tjiwana Family (Zeka, Anita, Sally and Sarah) send us

their greetings, there have been changes. Their Team Members were due to arrive on the 11th June, but this has been moved to 15th October. This will give them time to acquire their remaining support. P.T.L. their work permits are in process.

They have experienced deaths in their families - Anita's grandmother, who was her role model and closest friend went to be with the Lord in April, she was 95. Zeka's sister-in-law passed away in Angola in May. They would appreciate our Prayers for their grieving families. In the midst of losses and mourning their loved ones, they have been blessed. Anita keeps well and they now know she is expecting twin boys, due 14th August. They have been encouraged by the words in Psalm 127 v 3, "Children are a heritage from the Lord, offspring a reward from Him".

Praise - that the work permit process has begun - the Hazells (Team Members) have raised 100% of their support - for the two little boys soon to be born.

Prayer - that they will remain and abide in the Lord - that The San People will hunger for the truth and freedom in Jesus - that a place for Anita to give birth and recover will be available in Windhoek or Grootfontein.

Rosemary Croft.
