

## BMS World Mission *Transforming lives*

The Douglas Family send New Year Greetings and their Prayers that we will know God's blessing this year. They enjoyed their Christmas break, a typical season's meal on Christmas Eve, then exchanged their gifts. They shared in fellowship with The Cornerstone Church on Christmas day with a 'dal bhat lunch' followed by cold left overs with The BMS Girls Action Team.

*Sitting down for dal bhat in Nepal*

They had a busy term before the Christmas break, Angus especially with the building work; fundraising is going well and they are well on their way to meeting the target.

*A KISC fundraising video  
([youtu.be/w8TpYwmM1dc](https://youtu.be/w8TpYwmM1dc))*

The February completion is on track. This is definitely a team effort and they are very grateful to God. There is, however, still the problem with the neighbour digging around the boundary; please Pray that he will accept the responsibility to build a retaining wall to protect the building from subsidence.

They will be moving house later this month in preparation for the school move. It will be sad moving away from their neighbours and local shop keepers with whom they have become good friends over the past six years

Please continue to Pray for Helen, Angus, Caleb, Charis and Esther as they work for the Lord there in Kathmandu, His blessing and guidance in every

situation.

## AIM International *Sharing Jesus in Africa*

We have received a lovely New Year Greeting from the Tjiwana Family in Namibia. They have moved to live in Rundu; this was at the end of November, so since then have been busy settling in. Zeka's studies for Fuller Theological Seminary are going well and he has had a good pass in his first quarter with some very encouraging feedback. He will be going to California on the 15<sup>th</sup> January for a seminar as part of his program requirement. The

course also requires him to be involved in local ministry - he asks that we Pray for wisdom in the decisions he makes.

Anita has been accepted into a teacher training course at The University of Namibia (UNAM) - this was where Mary Bennett taught a few years ago. She has a passion for teaching young children. Funding is difficult as the government are no longer giving financial assistance, so please Pray that this will be covered

Sally, Sarah, Jorma and Yochanan are growing rapidly and are attending a local pre-school. This is a real blessing and a great help with Mum and Dad studying.

*A church in Rundu*

There are many churches in Rundu but they feel a cloud of darkness that is hard to describe in words. They ask that we Pray for revival and God's word to be preached faithfully. Pray that this little family will know Gods guidance and blessing as they seek to live and work for Him in Namibia.
