

BMS World Mission

Transforming lives

News from The Douglas Family; sorry that they have been quiet for quite a while, it's been a busy few months. Angus has been coordinating the final teething problems and snagging list at the new school site. The covered football pitch (*pictured right*) is now open and Angus and the children have enjoyed playing on it. They hope the builders will be off the site by the 9th June!! Fundraising is ongoing to meet the final bills and for extras needed (bigger water tanks, fans, paving for parking area etc.)

Helen has been busy trying to complete her medical research projects and write up her Masters dissertation prior to their home assignment, this on top of ongoing teaching commitments!

3. Unfortunately the whole family have had amoebiasis infections, one of the joys of tropical life!!

They are very grateful for our Prayer support. Helen especially says thank you for Praying for her Mum, Ruth, her parents were able to visit them after Easter. Ruth is doing amazingly well from all her treatment and is still in remission. Praise the Lord.

They are looking forward to being in the UK again this summer and catching up with as many people as possible, unfortunately they will not be able to come to WBC this time. Their first engagement will be at Tabernacle, Penarth (their sending Church) on the 17th June and then they have seven more bookings before they finish off at Westbury Baptist Church, Bristol of the 15th July. It is going to be a very hectic time of them and they would appreciate all our Prayers.

The KISC Team - Angus is top left

Caleb has exams for the next week as he comes to the end of year 9. Charis has a secondary 'taster day' in preparation for her move to year 7 in August - she is really excited about this. Esther is enjoying being in year

They ask our Prayers for their adoption process, they are going back to the UK adoption approval panel to seek approval to change the country from China to South Africa. Unfortunately, they will only approve for one country at a time rather than a blanket 'overseas adoption' approval. They can understand the reasoning, but it is rather frustrating that they are in exactly the same position as 12 months ago.

AIM International
Sharing Jesus in Africa.

There hasn't been any news over the past months from Rundu so please continue to Pray for The Tjiwana family that God is enabling them and equipping them to be used in His service. Sorry that I am unable to ask for specific Prayer requests but God knows all their needs so please bring Zeka, Anita, Sally, Sarah, Jorma and Yochanan before Him.

Rosemary Croft.
