

**BMS World Mission –
Transforming Lives**

The Douglas Family are doing well there in Kathmandu. The monsoon seems to have started early with impressive thunder storms and torrential rain but it does help to keep some of the dust, pollution and humidity down for a few hours.

The foundations go in

KISC rebuild is going well, more fund raising needed. Angus is kept busy with budget writing, leadership planning and development plans.

Helen

Helen has joined others on a research project on medical care in rural areas, which is very interesting, and will be used in medical training in the future. She is also on the home straight of her Masters before starting her dissertation in the autumn.

Caleb

The children are all well and enjoying life. Caleb is training hard a couple of times a week for the swimming team (he is very keen) he also has exams very

soon. Charis is working towards a ballet show, so lots of leaps and twirls around the house. Esther enjoys her reading and playing with her friends.

They thank us for all our Prayer support, especially for Ruth, Helen's Mum. She has completed her treatment for now and is having a break for a month or so. She continues to have problems with back pain which makes sleeping and mobilising difficult.

They are back in the UK for 6 weeks in the summer and are looking forward to sharing with us at WBC on Sunday 9th July. Prayerfully there will be a Bring & Share BBQ at The Manse after the morning service.

Please continue to Pray for the Douglas Family as they prepare and travel home and as they visit and speak at different churches during those few short weeks.

**AIM International -
Sharing Jesus in Africa**

All seems quiet with the Tjiwana Family in Tsumke, Namibia. Although we do not know what is happening with them we can still Pray that they will know God's leading and strength in every situation. The little boys, Jorma and Yochanan, will be two very soon so no doubt that will give the opportunity to have a party for all the children in the village and, knowing Zeka, he will share the Gospel. Sally and Sarah will be five in October; we can imagine that these four little ones are a real handful and must keep Zeka and Anita very busy. Please Pray for them as they share Jesus and His saving grace with The San People; may they know God's nearness and blessing.

Rosemary Croft.
