

BMS World Mission

Transforming lives

The Douglas Family send greetings from Nepal. They have had a busy time during the first New Term; Angus had a survey trip to Rukum Mid-west of Nepal for KISC EQUIP (their Nepal teacher training programme), and they plan to work with 10-15 schools in the district over a period of 5 years to raise the standard of education. It was a long trip, 1 hour flight then 5 hours driving!! Helen completed examining the first year postgraduate GPs.

The last week at KISC was one of ACTIVITY – Caleb went to an outdoor pursuits center and did canyoning and abseiling. Charis went trekking with her class and Esther joined in with the primary holiday club style activities. Angus was also helping leading primary drama each day, whilst fitting in his usual work!!

It was then the major Hindu festival season (Darshan) when most Nepalis return to their village homes and family for the week. Angus, Helen and the children have been away for a 2 week holiday and have just returned to Kathmandu feeling refreshed. The children have just started back at school, Angus too and Helen with her medical work.

They are so grateful for our Prayers here at WBC especially for Helen's parents; her dad Paul is healing really well after

fracturing his pelvis and is mobilising on one crutch now, her mum Ruth is slowly recovering after the treatment.

In this new autumn term as they lead up to Christmas, please continue to ask the Lord to help them each new day, may they all be lights for Him.

l to r - Keziah Hardy, Jonny Warke, Anna Johnson, Paul Obudo

BMS Action Team 2018/19

Anna, Keziah, Jonny and Paul have now been in Thailand for 4 weeks all seems to be going well for them. Glad to say that Anna is able to keep in touch with her parents regularly sharing what is happening with them. They are based at Hope Home with missionary Judy Cook at the moment and learning some Thai! They will be moving on to Wang Daeng this month to work with Helen and Wit Boondekhun.

Please continue to Pray for them, may the Lord keep them safe and well, also for the parents of these 4 young folk that they too will know the Lord's peace that He will take care and use them whilst they are there.

AIM International

Sharing Jesus in Africa

The Tjiwana Family in Rundu send greetings, they are all well. Zeka is now in the 6th week of the first quarter of his second year with his Fuller studies - he is so grateful to be able to do this. Anita is preparing for her end of year exams for her pre-school teaching programme, while Sally and Sarah are finishing up with pre-school and preparing to start grade one next year at a privately owned school run by a German and Afrikaner couple; they are doing well with their reading. Jorma and Yochanan continue to enjoy pre-school, they can do basic counting. They are all growing up so quickly!

Zeka has been using his Fuller studies as he disciples and mentors 3 young men, and he and Anita have been working in the youth ministry at one of the Evangelical Bible Church's. They are trusting the Lord to see this ministry grow. They are training 4 other volunteers to help in this work. They have seen how their own children struggle to fit in the church where they do not learn anything apart from being told to be quiet!

Please Pray for them all that the Lord will guide, use and bless them, and especially for Anita who has a problem with her wisdom teeth and they need to find a good dentist.

Rosemary Croft.
